ABOUT

A graduate in Software Engineering from the Institute for Training and Research in Computer Science (IFRI) and admitted to the Epitech Benin Coding Academy for the Full Stack program, I am passionate about software technologies and artificial intelligence.

HARD SKILLS

- **Programming languages**: Python, JavaScript, PHP, SQL,
- **Web Development**: HTML, CSS, React JS, Vue JS, Next JS,, Laravel, Flask, Nest JS, Git, REST API
- **Data Science & Machine Learning**

SOFT SKILLS

- Analytical skills
- Creativity and curiosity
- Ability to learn independently

CERTIFICATIONS

- **Fullstack Coding Academy Certification** Epitech Benin (2025-2026)
- **Duolingo English Test CEFR B2**: (February 2025)
- **TOEFL English Test: Score 68** (April 2025)
- **Postman API Fundamentals Student Expert** (November 2025)
- **OpenClassroom** – Introduction to Machine Learning, Python, AI, Python Libraries for Data Science(2023-2024)
- **DataCamp** – Introduction to Python, SQL (February 2023)
- **Sololearn** – SQL, Beginner/Intermediate Python, Data Science (2022-2023)

LANGUAGES

- French: Fluent Level
- English: Intermediate level

CENTERS OF INTEREST

- Reading
- Drawing
- Tennis

PROFESSIONAL EXPERIENCES

Tettrix – Fullstack Vue.js / Laravel Developer
October 2024 – January 2025

Development of an innovative MVP in the healthcare field with Vue.js and Laravel.

ByteInnovIT – Lead Front-End Developer
July 2024 – October 2024

Creation of user interfaces and API management for a SAAS (Byte Enterprise Suite) with Next.js 14.

Ficatgroup – React.js Developer Intern
April 2024 – August 2024

Development of a React project for a university and a company specializing in agriculture.

MIFY – Analyst Developer Intern
August 2023 – November 2023, Arconville

Analysis of real patient data to improve a model for predicting chronic kidney disease stages.

EDUCATION

Epitech: The School of Excellence in Computer Science (Coding Academy)
FullSatck program
Certified web and mobile developer
August 2025 - November 2025

Institute for Training and Research in Computer Science (IFRI) – University of Abomey-Calavi
Bachelor's Degree in Software Engineering
September 2021 - November 2024

Data Science for French-Speaking African Women
First and Second Year Certificates in Data Science for French-Speaking African Women
2022 – Today

Saint Bakhita School Complex
Scientific Baccalaureate Series D
2021

KEY ACHIEVEMENTS

- Platform YOWL (Comment on anything across the web. Share your thoughts, spark discussions, and see what others are saying) with Vue JS and Laravel Coding Academy
- Platform Roten Movies (Online film presentation platform) with Next Js 16
- Designing a scientific calculator with Python – Tkinter
- TWP Design of a task management and organization platform with Vue.js – API WordPress
- Dashboard Design of a platform for adding custom widgets with React Js – Express Js – MongoDB
- Implementation of high-performance user interfaces for a SAAS with Next.js 14 (ByteInnovIT)
- Development of a patient data management platform for the nephrology department of a hospital center with Nextjs 14 (Bachelor's thesis)
